SEMINAR

21世紀の課題に向かい合う  
イタリアにおける企業、労働市場と各機関

"ENTERPRISES, LABOUR MARKETS  
AND INSTITUTIONS  
IN ITALY FACING THE CHALLENGES  
OF THE XXI CENTURY"

*The aim of this seminar is the diffusion of selected information and qualified opinion on aspects of recent evolution of the Italian social and economic framework.*

*The project is a joint initiative of a pool of research Foundations, with a consolidated experience and prestige in Italy within their fields of specialisation, and the Department of Economics of the University of Siena, which has been engaged in recent years on joint programmes of research with Japanese scholars at the University of Tokyo.*

*A particular attention has been given to a selection of topics susceptible to arise comparative interest from the point of view of a Japanese counterpart, given the aspects of common relevance of the problems in both countries.*
